PROFESSIONAL SUMMARY

UI/UX Designer with 3+ years of product design experience and 5+ years in design overall, specializing in B2B platforms, SaaS products, mobile apps & web applications. Experienced in AI-driven design workflows, user research, UX strategy, prototyping, usability testing, and scalable design systems. Contributed to 15+ products shipped to production, built a design system that reduced handoff time by 60%, & redesigned workflows to reduce steps by 40%.

PROFESSIONAL EXPERIENCE

UI/UX Designer | Sphinx Solutions *July 2023 – Present*

- Designed end-to-end wireframes, storyboards, and user flows for products across FinTech, HealthTech, EdTech, SaaS, hospitality, and other domains, contributing to 15+ products shipped to production.
- Built and maintained a scalable design system and component library, reducing design-to-development handoff time by 60% and improving UI consistency across teams.
- Redesigned an order-placement flow to reduce manual data entry and navigation by 40%, simplifying the user journey.
- Collaborated with Product and Engineering leadership to translate business requirements into intuitive interfaces and support cross-functional delivery.
- Mentored a junior designer on prototyping and design-system best practices.

Graphic Designer | Sphinx Solutions *Jul 2022 – Jul 2023*

- Designed marketing creatives, landing-page visuals, presentations, banners, and social media assets, applying visual hierarchy, typography, color, and composition to keep brand communication consistent with guidelines.

Graphic Designer | Orion Digital Pvt. Ltd *Sept 2021 – Apr 2022*

- Delivered 40+ digital and print assets weekly, including social creatives, marketing collateral, and branding materials, in Photoshop and Illustrator while keeping every deliverable consistent with brand guidelines.
